### **Obtaining your Application**

Obtaining your Application can be accomplished in either of two ways: Automated Online Redemption method, or Optional Online Proof-of-Purchase Manual Redemption method. Both these processes are described below.

Automated Online Redemption method:

Participant must go to [www.amd.com/amdgamepromo](http://www.amd.com/amdgamepromo) to complete a registration form wherein Participant will be required to sign up for and activate a user account; Participant’s name, email and other information is required. An internet connection is required. Connection fees may apply. Using the Eligible System, Participant must download and run the automated AMD Product Verification Tool which will collect identifying information on the system’s APU/CPU, GPU (video card), system manufacturer, serial number and Operating System to verify that it is an Eligible System. Participants will be required to consent to the terms of use agreement. Upon successful verification, the AMD Product Verification Tool will output a message to the Participant notifying them if the system purchased has been verified as an Eligible System and provide a link for Application redemption. Additionally, an email confirmation is sent to email address specified in the Participant’s account profile outlining next steps for redemption.

If the system is not able to be verified as an Eligible System the Participant will receive an e-mail from support@amd4u.com explaining why the submission was denied. In the case the Participant does not receive any communication via an email within 72 hours after submitting their registration form, the Participant should (i) check its “junk” email or “spam” folders to see if the email has been directed there and (ii) if not, submit a support ticket via the “Contact Support” link located on the redemption portal.

### Optional Proof of Purchase Manual Redemption method:

To opt-out from the Automated Redemption method please proceed with the following steps:

1. Log into your AMD Game Promo account via the [www.amd.com/amdgamepromo](http://www.amd.com/amdgamepromo) redemption portal. If you do not have an active account you must create an account in order to log in.
2. Click on the “AMD Product Verification” button.
3. Review and agree to the “AMD Product Verification” disclaimer.
4. Click the “opt-out” link found underneath “Download the AMD Product Verification Program” button and follow the step-by-step instructions to complete the process.
5. Participant must download and run the script application in order to validate eligibility.
6. Participant will then be required to upload the script application text output, proof-of-purchase with a clear image of receipt and serial number and submit. AMD or its representative will verify that the information provided on the proof of purchase and serial number meet all requirements of the terms and conditions of an eligible system. Upon successful verification, AMD or its representative will send an email communication from [support@amd4u.com](mailto:support@amd4u.com) to the email address specified in the Participants account profile confirming eligibility and next steps required in order to download the Application.
7. Once the system validation confirmation is received, Participant will log back in to [www.amd.com/amdgamepromo](http://www.amd.com/amdgamepromo) redemption portal for Application redemption.

If the Proof-of-Purchase Manual Redemption method information is not approved the Participant will receive an e-mail from [support@amd4u.com](mailto:support@amd4u.com) explaining why the submission was denied. In the case the Participant does not receive any communication via an email within 72 hours after submitting their registration form, the Participant should (i) check its “junk” email or “spam” folders to see if the email has been directed there and (ii) if not, submit a support ticket via the “Contact Support” link located on the redemption portal.

To Receive Key Codes: After the Participant’s system has been validated as an Eligible System by one of the methods listed above, Participant will be able to select one Application from a menu of available Applications. The menu of available Applications from which the Participant may choose both depend upon the Eligible System / Eligible AMD Product purchased, as further described in the applicable Campaign. See applicable Campaign Rules for details. ADDITIONALLY, AS AVAILABILITY VARIES THE MENU OF AVAILABLE APPLICATIONS MAY CHANGE WITHOUT NOTICE. Participant’s Application selection is not guaranteed until Participant makes a final Application choice. Once the final Application choice is confirmed by Participant the Application code will be displayed. Additionally, an email notification will be sent to the Participant with Application code details and next steps required to redeem the Application of choice. Participant will receive an email from [gamekeys@amd4u.com](mailto:gamekeys@amd4u.com) that contains Key Code(s) for the Application selected and instructions for redeeming the Key Code and downloading the Application at the email address provided in the Participants account profile. If Participant does not receive the Key Code within seven (7) days the Participant should (i) check his/her “junk” email or “spam” folders to see if the email has been directed there and (ii) if not, enter a ticket through “Contact Support” on [www.amd.com/amdgamepromo](http://www.amd.com/amdgamepromo).
